# STORM

BARISTA ATTITUDE

PROUDLY CANADIAN

SBS

SINCE 2006

# Pilot

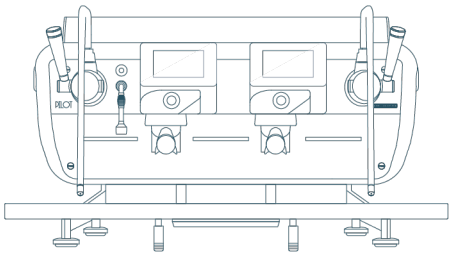

Pilot is the first single boiler machine of Storm range. His name, Pilot, represents the ability to lead through a storm, as a «pilota», the Italian translation of the name.

Each product of Storm range indeed embrace words that encompass the sea. This machine represents a tool with which a barista can easily navigate to create consistent coffee in a very simple way.

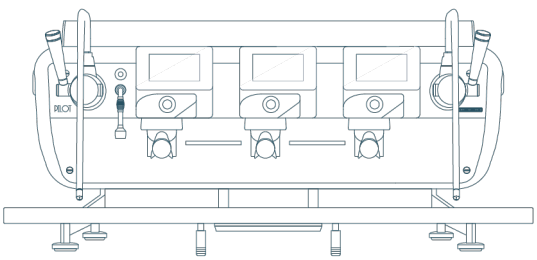

# EXPERIMENTATION

- Pilot is designed to make the life of barista easier.
- Wide work area with led and two or three different screens, one on each group, allow a simple and quickly usage of the machine.
- Two long steam wands that provide the barista a wide range of movements without the risk to burn thanks to the cool touch cover.
- Two easy-to-use levers to purge and steam and an adjustable drip tray complete the design and features of the machine.

*SINGLEBOILER 2GR*
